25X1 6. [] Met again with Phil Kelleher, House
Armed Services Committee, and reviewed with him the information
provided in discussions of the past two weeks concerning the Soviet
ABM question.

25X1 7. [] Abbot Smith, Howard Stoertz, and
John S. Warner met with Russ Blandford and Phil Kelleher, House Armed
Services Committee staff. The latter were briefed on the intelligence
picture of the Soviet ABM efforts. They were afforded full explanation
and Blandford agreed that prior to the beginning of the Congress, Representative
Rivers should be personally briefed. He indicated Mr. Rivers would
probably be returning to Washington in about two weeks.

25X1 8. [] Arrangements were made with Mr. Robert
Michaels, House Appropriations Committee staff, to come to the Agency
at three o'clock tomorrow for a briefing on projected Agency programs.

25X1 9. [] The Director talked with Senator Richard
Russell inviting the Senator to visit the Agency. The Senator indicated that
he might like to do this or he might request the Director to meet with him
on the Hill. No definite plans were made.

25X1 10. [] The Director instructed John S. Warner
to do some checking with Carl Marcy, Senate Foreign Relations Committee
staff, with regard to Senator Fulbright and also requested that he touch
base in Senator Eugene McCarthy's office.

25X1 11. [] Attempted to reach Jim Gehrig, of the
Senate Aeronautical and Space Sciences Committee staff, to talk with him
about the recent Soviet space shot. I learned that Mr. Gehrig is out of
town and probably will not be back until next week.
